Summer Camp 2017
10 Weeks of Fun!
June 19-August 25

Summertime is an opportunity for children to play, experiment, celebrate and grow with friends. We believe that a summer camp experience can have positive and lasting benefits for your child. Through making friends, participating in an array of activities, learning new skills, being outdoors, and experiencing Judaism, camp becomes a place where campers have fun, grow, and feel good about who they are.

We offer small groups, dedicated and caring professional staff, and a weekly schedule with music, arts, water play, science centers, story time, creation station, and special Wednesday on campus activities. We encourage the campers to grow and have fun while making them feel safe and protected in an age-appropriate facility. Your preschool camper will love our weekly themes –a summer experience that will be truly amazing!

Our Geshet children can experience the “big kids” camp at Temple Etz Chaim. Their programming is specifically structured for these children transitioning into a Kindergarten in the fall. Activities are geared toward giving our campers a sense of independence while building their self-esteem. Camp specialists will provide activities geared toward their age and level of development.

We can’t wait to “ride the wave” and experience a summer filled with friendship, fun and memories that will last a lifetime. Happy Camping!
